Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for El Cerrito Comprehensive Health Center Expansion in fiscal year 2027. The entity to receive funding for this project is Family Health Centers of San Diego, Inc, located at 823 Gateway Center Way, San Diego, CA 92102. The funding would be used for construction at the federally qualified health center's existing El Cerrito Family Counseling Center to create separate radiology & imaging spaces, add physical therapy services, and urgent care treatment areas, and will expand residency office space for their family medicine residency program. The project is an appropriate use of taxpayer funds because it provides an area of my district with high demand for primary and preventive health care with those services, resulting in less visits to the emergency room and unexpected medical costs.

The project has a Federal nexus because the funding provided is for purposes authorized under the Public Health Service Act

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sara Jacobs
Member of Congress
